

Shoutbox Slider Supreme

03/10/2009 02:26 by Manstein

Take a moment to register and shout in our custom modded "Shoutbox Slider Supreme". Thanks to some slick jQuery, it's jam packed full of new features and tweaks, such as youtube and image support; so we ask why simply shout, when you can shout supreme?

[Shoutbox Slider Supreme](#)

A brand new mini-editor with basic bbcode support for **bold**, *italic*, underline, and strikethru, as well as weblinks, images, youtube, and smilies, all integrated with a fancy jQuery modal script, Shadowbox.
